competitions

## La Conferencia de Estrasburgo (24-25 septiembre 2018)

### 3 obligations for public authorities:

- To get engaged toward the Macolin Convention
- To get organised at national level in order to be operational
- To participate in international mechanisms and co-operate transnationally

# La Conferencia de Estrasburgo (24-25 septiembre 2018)

## 14 priorities to be developed as part of the Macolin Roadmap

Challenge A: Understanding the threat of sports manipulations to sport and society

Priority 1: To define trans-sectorial / transversal common “risk assessment / analysis” methods;

Priority 2: To organise relations between stakeholders;

Priority 3: To identify the basic requirements / standards for National Platforms

Priority 4: To develop a comprehensive approach to sports manipulations

Priority 5: To strengthen the “network of networks”, placing the Council of Europe’s Network of National Platforms at the core of trans-national co-operation system

Challenge B: Building trust and confidence among and between National Platforms and critical stakeholders, particularly with respect to collecting, sharing and dealing with information

Priority 6: To develop national information exchange frameworks that encourages consistency and reliability

Priority 7: To build an international information exchange framework that encourages consistency and reliability

Challenge C: Creating a legal and cultural environment to enhance the legitimacy and effectiveness of reporting

Priority 8: To create co-operation and coherence between reporting systems

Priority 9: To foster collaboration between existing regulations regarding whistleblowing and defining minimum standards

Challenge D: Maximising the impact of education and outreach in an effort to focus more on prevention

Priority 10: To inform / educate the public, etc. based on a positive narrative enhancing integrity and higher moral values

Priority 11: To develop multidisciplinary capacity building programs for all stakeholders

Priority 12: To develop coherence and collaboration in the creation and delivery of harmonized and consistent education / awareness rising programs

Challenge E: Encouraging uptake of the Macolin Convention

Priority 13: To improve messaging / reporting to government and to public

Priority 14: To encourage governments to pursue the ratification process based on a call for the sport higher moral values for society
